

DRY, WET,
WARM, COLD...

**WHY ALWAYS
HAVE TO
CHOOSE?**

**SHOWA BEST, PERFECT COMFORT
AND DEXTERITY**

Showa Best, a world leader in the protective glove market, owes its success first and foremost to its ability to innovate. Continuous innovation dedicated to researching new fibres and fabrics, and designing new moulds to create gloves that are ever more comfortable, safe and ergonomic. Investing in Showa gloves means choosing, whatever your business and whatever risks you may encounter, maximum protection for your hands.

YOUR HANDS ARE PRECIOUS.
MAKE SURE YOU GIVE THEM THE BEST PROTECTION

306

**THE ULTIMATE
OUTDOOR
COMPANION**

306 THE ULTIMATE OUTDOOR COMPANION

MARKET RESEARCH FINDINGS ILLUSTRATE THAT MAJORITY OF WORKERS USE LATEX PALM COATED GLOVE FOR CONSTRUCTION, LOGISTICS, GENERAL HANDLING, AND MANIPULATION... IN OUTDOOR WORK ENVIRONMENTS, EXPOSED TO CHANGEABLE WEATHER CONDITIONS ALL YEAR LONG.

During dry and hot temperatures, wearing gloves causes hand to sweat and creates perspiration inside the glove. In cold and wet seasons, users wear fully coated glove to keep hand clean, dry and warm. This means shifting gloves depending on climate and outdoor conditions. Thus for the same purpose, users may need 2 different types of glove, resulting double purchase and / or wrong glove for wrong season.

Based on these findings, Showa Best Glove designed **THE ULTIMATE OUTDOOR COMPANION** the "306 Dual latex coating technology". 306 is a revolutionary premium combination of full foam latex doubled with latex coating on palm, leading to the only alternative solution for workers to be protected with one glove. 306 provides premium grip and dexterity with breathability in dry or wet environment, whatever the outdoor conditions are, "306 The Ultimate Outdoor Companion".

LINER: Nylon / Polyester

COATING / POLYMER: full foam latex doubled with latex

FEATURES: revolutionary engineered coating technology

- Engineered full foam latex coating, extra grip coating on palm
- Breathable coating technology
- Impermeable
- Breathable 13 gauge liner
- Anatomical hand shape design
- Seamless knit

BENEFITS: one solution for all purpose whatever the outdoor conditions are:

- 1 Aerated latex foam for breathability and to reduce perspiration
- 2 Impermeability protects from liquid penetration
- 3 Latex coating offer high level of grip and abrasion
- 4 Soft comfort and premium fit thanks to Showa Best hand shape technology
- 5 High level of flexibility through engineered coating
- 6 Ergonomic design hand mould that replicates the natural curvature of human hand and so reduces hand fatigue
- 7 No irritation by seams in contact with the skin

Available sizes

- 7 - M • 8 - L • 9 - XL

Length

Depending on size, in mm (flat)
240-270

Packaging

Pairs per pack / box
10 / 120

Colour of supported /coating

Black /blue

Recommended for these risks

- Slip and grip
- Mechanical and abrasion

RECOMMENDATIONS FOR USE

- Do not use in cases of heavy chemical exposure, electrical or thermal risk.
- Store away from light and humidity
- Wash at 40°C max
- Performance level as per EN388 not guaranteed after washing

INNOVATION MAKES SENSE WHEN IT ACTUALLY CONTRIBUTES SOMETHING USEFUL

Each time Showa Best develops a new concept, it improves wearer comfort and safety. This ability to anticipate needs and provide solutions that eventually become benchmarks is based on unrivalled technological expertise and is fully autonomous. This independence extends to developing our own hand formers, yarns, coatings, polymers and unique manufacturing process through inspection and packaging to give us 100% quality control at every level.

OUR PHILOSOPHY AT SHOWA BEST GLOVE

"Our mission is to protect workers needing hand protection whilst enhancing their ability to perform a multitude of tasks, keeping safe hands during and after work, Showa best glove provides performing and durable innovative solutions thanks to a corporate philosophy of investing in research and development to introduce the next generation of innovative hand protection improving user comfort, premium safety and satisfaction".
